THE latest and by far the most important improve ment in Photography is the recently patented picture known as the SPHEREOTYPE, which is not only new and unlike any of its predicessors, but greatly su-perior to all. The Sphereotype is proof against TIME AIR and WATER, and for richness of tone, warmth of expression and distinctness has no equal—ir fact the il-lusion is such that the picture, or image, seems suspend-ed in air, entirely independent of the back ground PROF.
